PPAI Job Board
Resume Listing

Good afternoon,

Thank you for taking the time to learn more about my history in the Promotional Product Industry, and branding skills.

I have an extensive background as a Distributor since 1989 starting in Los Angeles, CA. Fast forward... I developed Creative Promotions of the NW, in Seattle as President thru 1998. We had 14 employees and a sales staff of 4. We achieved over \$4,000,000 in sales with clients such as Alaska Airlines, Apria Healthcare, US Bank, Nissan Motor Corporation and The Good Sam Club to name a few.

In 1999 due to life changes, I created a new Distributorship, BELL HTML (dba as bellbrandingsolutions.com). I am a dynamic focused individual and provide the highest quality of customer service while building relationships with clients and suppliers.

As a branding specialist, I also became proficient developing creative for upstart companies and existing clients with web development, graphic design, email marketing and social media channels.

I am seeking a position with a supplier or a distributor, either full-time or part-time. I would prefer to be remote with occasional travel and would enjoy being considered as a team member to your organization.

I believe my skills, personality and dedication would be an asset to your corporation and would enjoy having a conversation to discuss any opportunities with you.

Thank you for your consideration.
